# B. M. Jewell Closes Case In Defense Of Shop Crafts.

CRY LUTHER A. HUSTON

STAFE CORRESPONDENT 1. N. SERVICE! closed their arguments against wage of wershipers were present. reductions before the United States Rallway Labor Board today with a threat of a general strike unless wage lance this evening for the benefit or the rate case. questions are left in obeyance until the working rules and conditions are agreed whon. B. M. Jewell, president of the Ratiway Employes department of the A. F. of L. closed the defense of the

WILL PROVOKE STRIFE

"I say to you with all the solemnity and force of which I am canable," Jewell declared, "that for this board to multo a decision in this wage case, unlers that decision be to re-affirm existing schodules, before we have worked out new agreements would be to provoke anew and to perpetuate strife and soon be the proud owner of a new Mar- tions but upon figures formished him mis-understanding."

Should the board promulgate new wage scales before new agraements are made between the roads and their amback to this board for determination in was a typographical error. a controversy of re-doubled bitterness and we would have a condition of utter chaos in the transportation industry. POVERTY NOT AN ISSUE

ground for a wage cut, except that they were "hard up" and that ground he contended is not an issue in the case before the board which is not concerned with the manufal the financial reads. He stiributed the financial plicht of the roads to the "management of those who are far-sighted only when of Wahash college, was in the city tothey see a dollar that is not already

Existing working agreements between the carriers and their employes have been abrogated effective July 1, Jewell

Neither carriers nor employer," he be applied. We must have our yard- empoying single bliss, sitck before we can measure our cloth." "The real issue in this case," Jewell continued, "is the wages of men versus the wages of money. It is time for those who do not toll with their hands to understand and accept the principle to the matter of apportioning to the matter of apportioning to the matter of apportioning the continued, "is the wages of men versus was monimated for phone & Telegraph Co., is actuany the sole owned of the local concern.

Discrimination against the Indians district in favor of the Chicago district in favor of the Chicago district on the matter of apportioning the Cook county officials that he would shame. That is the proof of the above allowation according to Mr. Johnson was transactions thought, and the fact that we are his business, Miss Malley sat in a chair his business, Mi "The real issue in this case," Jewell the human factor in industry is the predominant, vital force in the modern ervilized world."
